

Snorkeling

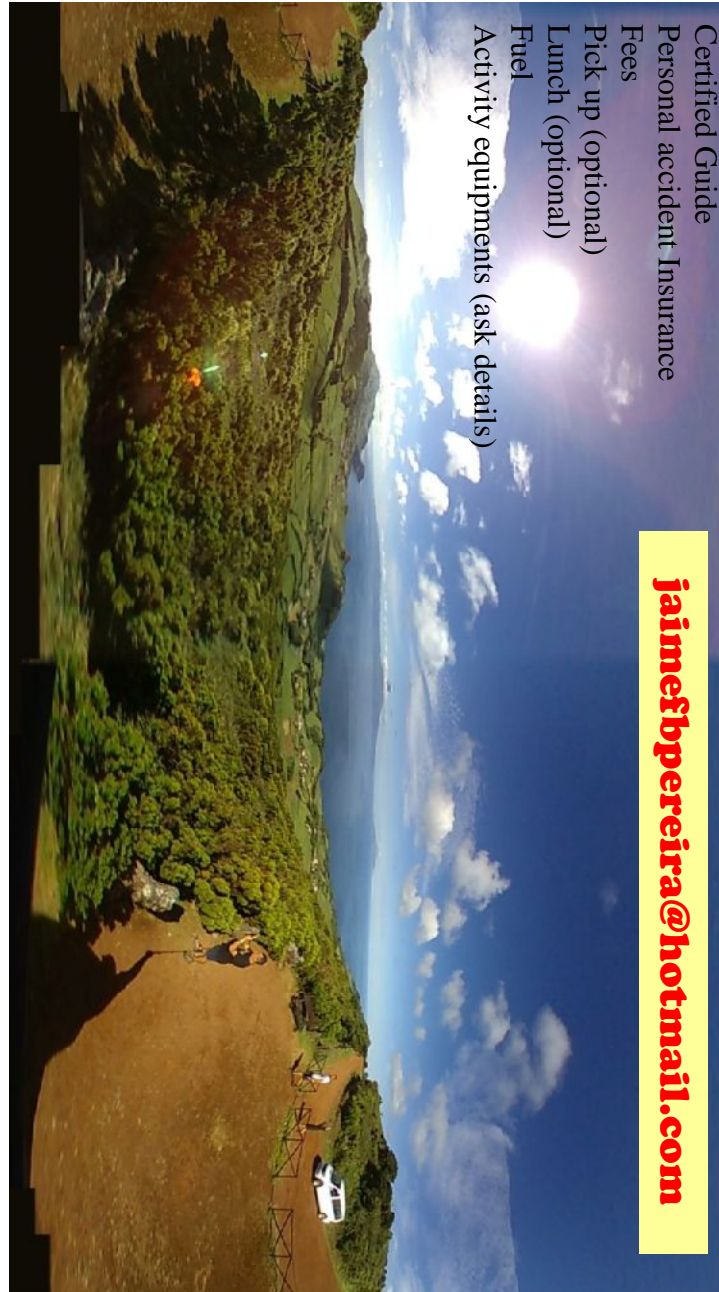

Snorkeling

We have snorkel Tours to visit a sunken world war II english boat, IRISKY, or some underwater caves. Also, you may go and just enjoy the beautiful waters and sea life with an experience of 2 - 3 hours.

This experience may be included in our island van Tours.

Van Tours

Island Tour—Full day

We have full day Tours, where you may visit all island, including lunch. To complete your day you can swim (snorkel) and visit a sunken boat (II world war) or some underwater caves. Also you may visit some fajãs, walking through old trails.

Walking Trails

Pico Mountain

At São Jorge Island you have a lot of walking trails to enjoy the beautiful landscapes.

At Pico you may climb the Mountain or just visit The Visitors Centre and have a small experience of climbing the mountain.

You will be accompanied by a local guide, who will accompany you to the mountain, walking about three hours up and three hours down, with breathtaking views of the island, sea and neighbour islands.

Fishing / Boat Tours

Fishing - tourism aims to allow tourists to enjoy the sea in the Azores, in particular, the sea of São Jorge, located in the heart of the Central Group of the Azores.

Its excellent location provides access to stunning landscapes of its coastline and its neighboring islands. In this context, the tourists may participate in the observation of professional fishing so they can catch their own fish or just take a boat ride on the «route of Fishermen».
